Read About These Three Girls. How Sick They Were and How Their Health Was Restored by

Lydia E. Pinkham's Vegetable Compound.

Appleton, Wis.—" I take pleasure in writing you an account of my sickness. I told a friend of mine how I felt and she said I had female trouble and advised me to use Lydia E. Pinkham's Vegetable Compound, as she had taken it herself for the same trouble with wonderful results. I had been sickly for two years and overworked myself, and had such had feelings every month that I could hardly walk bad feelings every month that I could hardly walk for pain. I was very nervous and easily tired out and could not sleep nights. I had dizzy spells, and pimples eame on my face. But I have taken your Lydia E. Pinkham's Vegetable Compound and it has restored my health. I think it is the best medicine in existence."—

Miss Cecilia M. Bauer, 1161 Lawrence St., Appleton, Wis. A SCHOOL TEACHER'S GRATITUDE: Geneva, Iowa.—"I have been teaching school for some years and I

have neglected my health because I was too busy with my work to attend to myself properly. I suffered greatly every month and was on the verge of a nervous breakdown.
"I wrote to you about my condition and took Lydia E. Pinkham's

Vegetable Compound and the Blood Purifier as you recommended. These remedies have done wonders for me and I can highly and widely recommend them to every suffering woman."—Miss Minnin Shaver, R. F. D. No. 1, Geneva, Iowa, c/o Sam Erickson. A COLORADO GIRL'S CASE:

Montrose, Col.-" I was troubled very much with irregular periods. Sometimes two months would elapse. I suffered severe headache,

was weak and nervous, could eat scarcely anything.

"I took both Lydia E. Pinkham's Vegetable Compound and Blood
Purifier and the result was wonderful. I feel like another person.

"I think your remedies are the lest on earth and cannot express my thankfulness to you for what they have done to me. I help my neighbors when they are sick, and I shall always recommend your medicines."—Miss Ella McCandless, Montrose, Col.

Is it not reasonable to suppose that a medicine that did so much for these girls will benefit any other girl who is suffering with the same troubles?

Does it not seem the only sensible thing to give such a medicine at least a trial? You may be sure that it can do you no harm, and there are lots of proof that it will do you much good.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the stundard remedy for female ills. No one sick with woman's aliments does justice to herself who will not try this famous medicine, made from roots and herbs, it has restored so many suffering women to health.
